- The site visit includes meeting with your representative to discuss any maintenance or operational concerns. We observe major components to determine quantity, age, condition and remaining useful life. Quantities are determined by field measurement and internet measurement tools or aerial measurement services.
- ❖ Building walls, trim and other features are observed from ground level. Flat roofs are observed only if safe fixed stair access is available. Pitched roofs are observed from ground level. Building Systems are not operated.
- ❖ Upon completion of the site visit, an inventory of major components is established which includes quantity, replacement cost and remaining useful life. We recommend you review this information and provide historical cost and previous replacement time for any components.

#### Financial Analysis

❖ A review of your current funding plan is completed to determine fund status and performance. We provide a funding plan using the Cash Flow Method (pooled cash) with a funding goal of adequate funding which keeps reserves above a percent funded or balance threshold level. Beach Community Development District Attn: Ron Zastrocky 12788 Meritage Blvd. Jacksonville, FL 32246

Re: Bentwater Place Association, Inc.: Demand for Maintenance of Tamaya Wall

Dear Mr. Zastrocky,

Please be advised that this Firm is privileged to represent Bentwater Place Association, Inc. ("Bentwater"). We have been engaged to open dialog with the Beach Community Development District ("CDD") and, by extension, Vesta Property Services, Inc. ("Vesta") to insist on the maintenance of the dividing wall between Tamaya Master Owners' Association ("Tamaya") and Bentwater ("Tamaya Wall"). Bentwater is required to send this letter because of the ongoing failure of Vesta, as an agent of the CDD, to regularly maintain the east side of the Tamaya wall, which is adjacent to Bentwater, as promised.

As you know, the Tamaya Wall runs south from Oak Springs Court to a point slightly below Willow Springs Court. Critically, the Tamaya Wall is not on Bentwater's property. By way of background:

Communication between representatives of Bentwater and representatives of the CDD, including yourself, began no later than August 29, 2019. A true and accurate copy of the entire thread of electronic mail communications between the representatives is enclosed as **Exhibit A**. On August 28, Elim Services, Inc. ("Elim") first communicated with Leland Management, Inc. ("Leland") regarding the lack of maintenance between the retaining wall and the vinyl fence portion of the Tamaya Wall while Leland was an agent of the CDD. For your reference, please see the attached pictures depicting the overgrowth which prompted these communications, enclosed as **Exhibit B**. On September 5, 2019, Leland affirmed a promise on behalf of the CDD to maintain the Tamaya Wall, stating, "The top of [sic] wall will be maintained once a month down the length of the wall." That maintenance did not occur, and as of the date of this letter is not occurring.

As evidenced by Exhibit A, on February 18, 2022, Elim corresponded with you, in your capacity as Field Operations Manager for Vesta, once again asking for clarification regarding the maintenance of the Tamaya Wall. Upon your assurance that you were working with Sunstate Nursery to remedy the maintenance issue and your subsequent promise of an answer by the week of February 21, Bentwater continued to forbear any action on the Tamaya Wall. After being prompted by Elim for a second time on March 15, you reassured the Elim representative you were in the process of securing quotes for the board.

Elim contacted you for a third time on or about May 26, 2022, receiving a reply only from a representative of Sunstate Nursery, who stated, "We have not gotten approval to proceed yet. We will clean it up as soon as we do." On or about June 14, 2022, the property owner in Tamaya, 2491 Provati Court provided unauthorized landscaping services on one segment of the Association side of the Tamaya Wall, leaving overgrowth debris in piles at the foot of the retaining wall. A depiction of the debris mentioned above is included in Exhibit B. Thereafter, Elim sent you a fourth email communication to receive clarification about maintenance, to which they received no reply.

Accordingly, the CDD's failure to meet its obligation to maintain and repair the Tamaya Wall, through Vesta, has resulted in damages to Bentwater and is tantamount to negligence. Further, this negligent act violates § 190.007, Florida Statutes, which requires the CDD to preserve and maintain an improvement or facility constructed pursuant to the act's provisions. The Tamaya Wall is one such example of an improvement to CDD property. Additionally, the failure to maintain the Tamaya Wall violates § 518.4159(b), Jacksonville Code of Ordinances, which governs the required maintenance of accessory structures and fences.

Bentwater's position has been, and remains, that the failure to maintain the Tamaya Wall harms the interests of both communities. At the heart of this issue is a failure to consider and respect the property interests of the neighboring association. More than two and half years have passed since this issue was first broached, and the consistent failure to perform monthly maintenance of the Tamaya Wall indicates willful bad faith and abdication of control and responsibility.

Bentwater demands that Vesta open communication with the undersigned counsel within 10 days of receiving this letter to produce prompt and immediate assurance that the entire length of the Tamaya Wall adjacent to Bentwater's property will receive the promised maintenance no later than August 19, 2022. Further, Bentwater demands that any debris associated with the maintenance performed be removed immediately upon completion unless a prior written agreement has been completed.

Should the CDD's performance not begin by August 19, 2022, Bentwater reserves the right to hire a lawn vendor to carry out such maintenance, to be reimbursed by Vesta.

Govern yourself accordingly,

Sincerely,

Bryan M. Davis

#### Good morning,

This is Austin from Sun State Nursery and Landscaping - I mentioned to you that another property management company who's client borders the eastern side of Tamaya had a dispute over a fence/ wall area. In the email chain below it seems they were told it was Tamaya's responsibility.

Can you help me address this with them or reach out so that we can get to the bottom of it and make everyone happy?

Thank you , Austin

Hello,

The top of wall would be maintained once a month down the length of the wall.

Thanks,

Thank you – for clarity – is this section is going to be added to the normal weekly/bi-weekly maintenance for your lawn vendor? You're not talking about a one-time knock-down, but regular, routine maintenance?

I only provided pictures at Creek Springs and Oak Springs, but the wall continues down past Cinnamon Springs – we would expect that the entire length of the wall is to be maintained.

Thank you,

Hi Rhoda,

The landscape company will address the top of wall issue, but it will be after the hurricane.

Thanks,

Subject: Bentwater Issue with Tamaya Wall

Good afternoon,

Thank you for speaking with me regarding the Bentwater side of the wall and the lack of maintenance between the retaining wall and the vinyl fence. I'm also attaching the pictures.

This is the view at the end of Creek Springs Court:

This is the view at the end of Oak Springs Court (ignore the dog and homeowner...thought I'd moved the camera far enough to miss him...)

I think you can understand why our homeowners are wanting a resolution to this situation. We believe the overgrowth is not on Bentwater property and we don't want to risk damage to your fence by using equipment or damaging landscaping on the other side of the fence by applying chemicals to kill the growth.

We would love to open dialogue with the appropriate person to resolve this situation.

I look forward to hearing from you soon. Thank you again for your assistance.
